Meeting Details		
<b>Meeting Objective:</b> Get SRS, Github Started		
<b>Date:</b> 02/20/26	<b>Time:</b> 7:00pm	<b>Location:</b> Discord Call
<b>Attendees:</b> Tochi, Daniel, Monisha, Nikki		
<b>Absentees:</b> Sadhvik		

Agenda	Notes
Access to Github	Nikki added each member into shared github project
Link Documents to Github	Daniel created the github wiki page linking the group's slide presentation, brainstorming requirements document, and SRS document.
Discuss Functional/Non-Functional Reqs	All members at the meeting discussed what requirements are possibly functional or non functional from what group members have had on slides presentation.  Tochi organized and split up the "Top 10 Requirements" slide into Functional and Non-Functional sections for SRS idea purposes.
Organize + Set up SRS for Next Meeting	Monisha edited and tidied up the SRS document.

Action Plan		
Action	Assigned To	Due Date
Brainstorm Final Ideas for Functional/Non-Functional + Overview in SRS	All members	By next meeting
